"My mother is receiving excellent care. The staff are very helpful and kind. I am kept updated on any changes to my mother's medication. High Meadows is a beautiful peaceful home and the cleanliness throughout is outstanding."

"My mother has been at High Meadows for two months, and we are very pleased with her care.

The staff are very caring and attentive to her needs. She has a lovely room with a small private patio garden. There are plenty of communal places to sit in the home. So far, so good."
